

Housing Fact Sheet

Brief Summary:

Housing leaders must turn approved funding into safe homes, compliant assets and measurable resident outcomes - quickly and without governance risk. Bloom moves you from grant approval to supplier award in weeks, not months. Protecting funding within deadlines, long-term delivery certainty and clear, audit-ready evidence of value at every stage.

Fact Sheet

Delivery & Efficiency:

Move faster without procurement delays, getting the right specialists and delivery partners in place quickly, without compromising governance. Through our professional services framework, NEPRO Three, we offer a swift route to market via mini competition or direct award in as little as 14 days. Throughout this process, Bloom has managed over £1.6bn public sector spend since 2020.

Resource Capability:

Use the right procurement route for the job, whether that's direct award for urgent needs or mini competition where competitive tension and value for money matter most. With over 220 specialists in the housing sector, Bloom can quickly match the right expertise to your specific requirement, ensuring you have access to proven, experienced professionals.

Compliance:

Stay compliant and audit-ready with a fully managed route that supports governance, assurance and scrutiny. Every stage of the process is underpinned by public-sector-aligned standards, from transparent evaluation to structured oversight, Bloom gives organisations complete confidence in every project.
