## Delivery & Efficiency

With Bloom, councils don't have to compromise between speed and standards. We enable rapid procurement without cutting corners, supporting over **£503 million** of local government projects through compliant direct awards and mini-competitions. Every engagement is transparent, competitively sourced and fully auditable - even when delivery timescales are compressed.

## Resource Capability

Bloom acts as an extension of your in-house capability, providing additional capacity and specialist expertise when it matters most. We support you through every stage of the process - from shaping specifications and sourcing the right suppliers to managing procurement activity and ensuring governance is met throughout. With Bloom alongside you, deadlines feel manageable, risks are reduced, and experienced procurement support is in one place.

## Compliance

Bloom is fully **compliant**, giving procurement teams and senior leaders confidence that speed does not come at the expense of governance. Our processes are designed to be fair, transparent and auditable, helping councils avoid the risks associated with rushed or informal purchasing.
